Vision

To be amongst the leading universities where an excellent environment for education, research and innovation exists, to produce quality leaders.

Mission

PAF-KIET is committed in providing a quality learning and research environment, in order to inculcate fundamental and specialized knowledge and skills, for producing competent professionals with focus on technology, innovation and entrepreneurship.

Welcome to

The Chief of Air Staff Pakistan Air Force Chairman, Board of Governors

Pakistan is a progressive country and we need competent managers in the field of engineering, computer science and business management. It is satisfying that PAF-KIET is contributing immensely in fulfilling this obligation to a great extent. It is heartening that PAF-KIET has established itself as one of the leading institutions of higher education in Pakistan. I am satisfied that this institution is pursuing the cause of providing affordable professional education with commitment, enthusiasm and dedication.

I wish PAF-KIET continued strides of success in its mission to equip the citizens with sound education in all progressive fields.

Good Luck!

Air Chief Marshal Sohail Aman, NI (M)
Chief of the Air Staff, Pakistan Air Force
Air Headquarters, Islamabad

Sad Moment

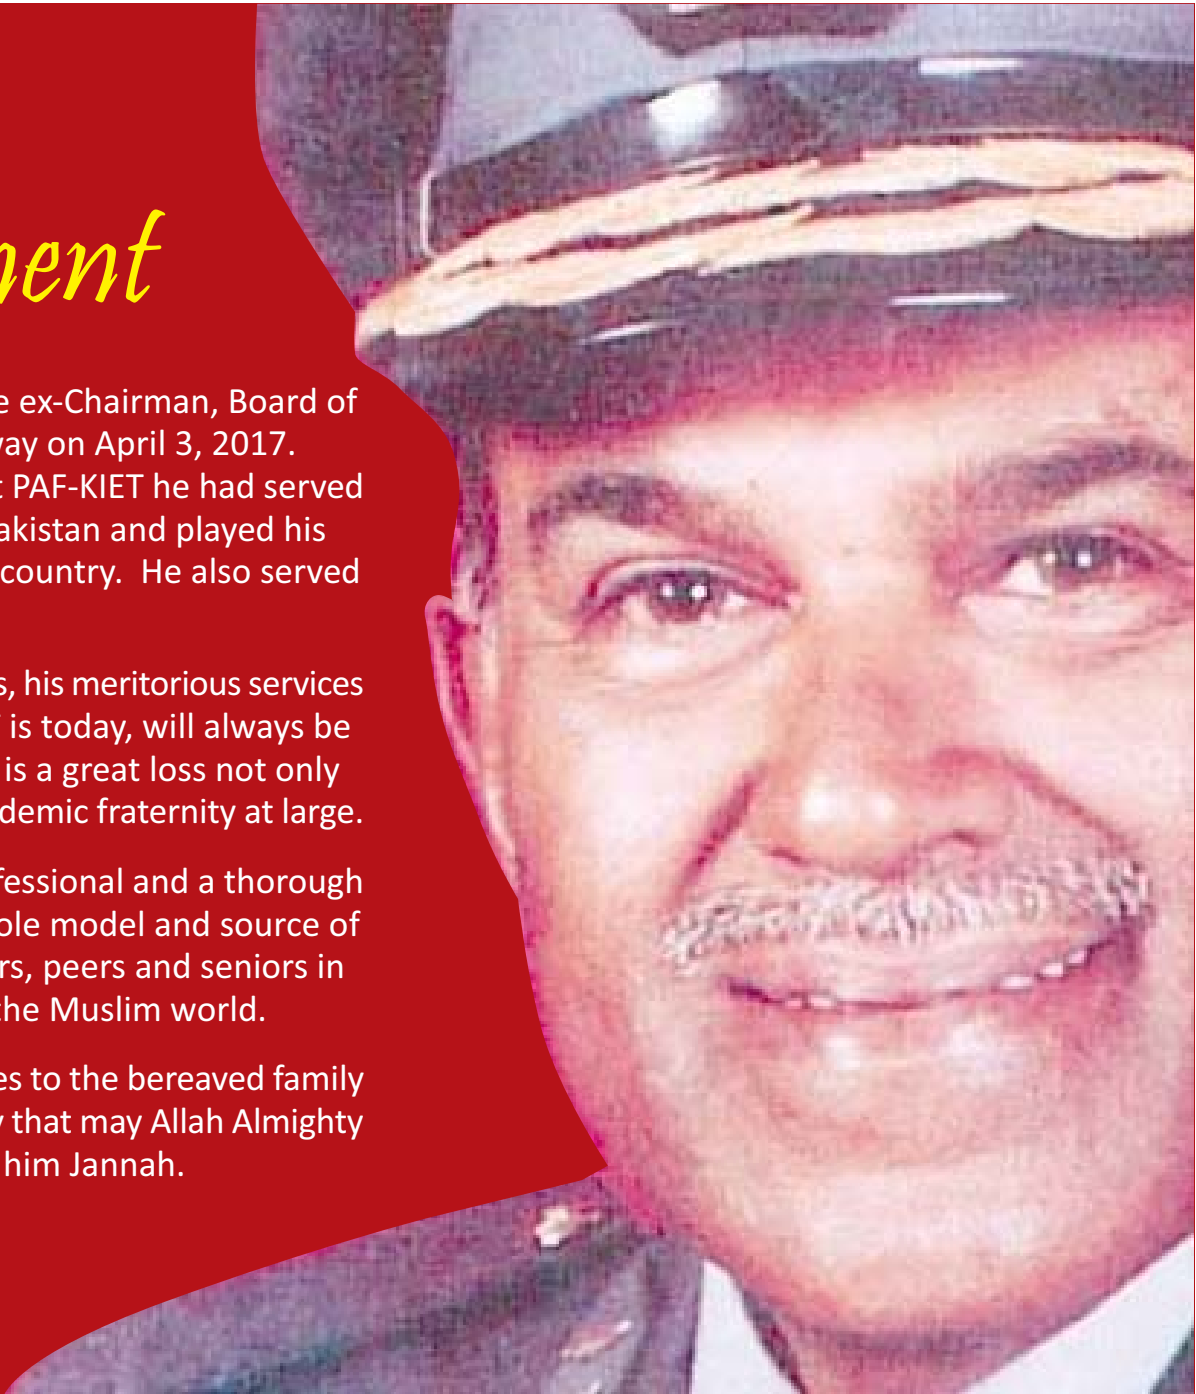

Air Marshal Azim Daudpota, the ex-Chairman, Board of Governors PAF-KIET, passed away on April 3, 2017. Besides having a coveted slot at PAF-KIET he had served in numerous organizations of Pakistan and played his leading roles in the progress of country. He also served as Governor of Sindh.

As Chairman, Board of Governors, his meritorious services in bringing up to what PAF-KIET is today, will always be remembered. His passing away is a great loss not only to the institution, but to the academic fraternity at large.

A courageous pilot, sincere professional and a thorough patriot, Azim Daudpota was a role model and source of inspiration not only to his juniors, peers and seniors in PAF, but also to Pakistanis and the Muslim world.

We offer our sincere condolences to the bereaved family for this unbearable loss and pray that may Allah Almighty rest his soul in peace and grant him Jannah.

Ameen.

The Deputy Chief of Air Staff (Training) Pakistan Air Force

PAF-KIET through dedicated efforts with perseverance and commitment has become a renowned educational institution in Pakistan. The University is offering interdisciplinary education at relatively affordable cost in realm of Engineering, Management Sciences, Computer Sciences, Media & Arts and now in Aviation Management. This institution is committed to attain highest standards of excellence in education envisioned as a node for quality learning.

PAF-KIET hopes and strives to foster new generation of scholars and professionals who can impact society and industry. I congratulate management of PAF-KIET for maintaining excellent standards of education.

Air Marshal Shahid Akhtar Alvi, SI(M), TI(M)
Deputy Chief of Air Staff (Training)
Pakistan Air Force

The Chancellor

I am privileged to have inherited the leadership of an elite educational institution at a time when its initial phase of founding and realization of operational and financial stabilities has been completed. The next phase of consolidating the gains has just begun.

PAF-Karachi Institute of Economics and Technology (PAF-KIET) is now in the league of a select few institutions in Karachi which are concerned with imparting quality instructions in various fields of higher learning. Its permanent faculty, three well-established campuses, meaningfully equipped laboratories, spacious class rooms and libraries in an air-conditioned environment, speak well of its consistent high ratings from various inspecting bodies, including the Higher Education Commission of Pakistan.

The graduates of PAF-KIET are sought by many multi-national and corporate bodies, as indeed reputed industrial units in Karachi and elsewhere. Scores of its former students are pursuing rewarding careers abroad and raising the banner of their alma mater beyond the shores of their homeland.

Pakistan Air Force and the Pakistan Educational Foundation should be justifiably proud of the results attained so far due to their collaboration. The challenge now is to fine-tune these efforts to raise the standing of PAF-KIET still higher, so that our nation can benefit from the quality of its product even more. Hopefully, the day is not far when this institute will be considered a place of first choice by aspirants of higher learning, industry and commerce alike.

Air Marshal Salim Arshad, FCILT, PAF Ret'd.,
Fellow Royal Aeronautical Society,
Chancellor PAF-KIET

The President

Time and its needs have rapidly altered over the past few decades. Today the success and well being of nations and countries have completely come to rest on Science, Technology, IT and Entrepreneurship. PAF-KIET aims at achieving excellence in higher education and enabling its graduates not only secure good jobs but also make rapid access to strategic portfolios in reputable organizations. As such, the institute strongly emphasizes that its faculty and students keep abreast of the contemporary demands of international standards of academics.

The ultimate goal of faculty, comprising highly qualified professionals at PAF-KIET, is to ensure the provision of quality education that will enable the students to contribute significantly towards both the development of their professional careers as well as the progress of their country. Our modern facilities, equipment and training aids, in all three campuses facilitate students to achieve excellence in academics and in their professional objectives.

I am confident that you will find our programs among the best available and I welcome you to PAF-KIET.

Air Vice Marshal Tubrez Asif, PAF Ret'd., HI(M)

Fellow Royal Aeronautical Society,
President PAF-KIET

The Chairman Pakistan Educational Foundation

As a Chairman Pakistan Educational Foundation it gives me immense pleasure that PAF & PEF has achieved a great landmark by establishing Pakistan Air Force- Karachi Institute of Economics & Technology (PAF-KIET) .It has always been my opinion that a great society needs competent men and women who are proficient and educated for further development of any nation.

Keeping the progress of PEF in mind, I can safely say that PAF-KIET is competent to produce the desired results and will provide a sound foundation for our youth to enter the new global world through a scientifically and morally organized education.

The capable founding members of PEF and myself committed to promote best education in our country and maintain highest standards in our institutes. I congratulate the management of PAF-KIET for maintaining excellent standard of education in the Institute.

A Brief History of Pakistan Educational Foundation

Pakistan Educational Foundation was registered in 1997 under Societies Act of 1860 as a not for profit organization by a group of concerned and devoted individuals headed by its founder Chairman Late Dr. Izharul Hasan with the mission to provide quality education at affordable price and to contribute in the social sector of Karachi in particular and Pakistan in general.

The executive committee decided to start its activities by launching a higher education facility by the name of University of Economics and Technology and applied for an NOC to UGC now HEC which after a long legal process was awarded an NOC by the name of Karachi Institute of Economics and Technology. Thereafter a long process of acquiring an independent degree awarding status was taken up and finally in May 2000, a charter was awarded to PEF for Karachi Institute of Economics and Technology (KIET).

While the legal procedure for Charter was underway, through the good offices of Chairman BOG Air Marshal Azim Daudpota PAF was convinced to trust PEF and after due diligence PAF and PEF signed a JV Agreement to establish a Campus at PAF Base Korangi Creek. This Campus was established after acquiring the Charter and was inaugurated on 26th September 2000 by the then CAS ACM P Q Mehndi.

It was a dream come true for the members of the PEF and the Campus was named as PAF-KIET. In last sixteen years the institute has exponentially grown by the collective vision of PAF and PEF and has become one of the top institutions in Pakistan.

Pakistan Educational Foundation in the year 2000 took another project by the name of PEF Intermediate College with the vision to provide young and intelligent students to PAF-KIET and this year in 2016 PEF has opened another custom made campus in Ahsanabad near Maymar Housing Scheme to provide quality education at intermediate level. PEF right from its inception is steadfast on its basic mission and objectives few of which are here as under:

- To provide affordable and quality education
- To promote free education to needy students subject to merit
- To run the foundation on non-commercial, non-religious and as a not for profit organization
- To co-ordinate and co-operate with organizations with similar objectives and to establish institutions for bringing positive change in the society.

The trustees of Pakistan Educational Foundation are highly committed and PAF-KIET is a living example of their extra-ordinary commitment.
